#### I MANAGEMENT REPORT

Bank M2M Europe continues to grow business volumes – in the 3<sup>rd</sup> quarter Group's assets increased by EUR 30 million (+32%), while assets under management of the Bank's and M2M Asset Management increased by EUR 51 million (+52%). Number of Bank's clients reached 313 (+70 clients), in line with our growth plans.

The Bank continues to work on new product development. In the 3rd quarter we launched new product –M2M Executive package of services. This product is designed for servicing holding structures and groups of companies owned by our private clients. In addition to M2M Supreme it provides full coverage of servicing day-to-day needs of our clients.

In the next quarter we plan to focus on launching new investment products. Current market environment provides interesting opportunities and we plan to offer our clients new ways to capture these opportunities. We also plan to focus on financial advisory services, assisting our clients in structuring ownership of their personal assets and businesses.

According to the strategy, the Bank continues to maintain a conservative risk profile. At the end of the 3rd quarter, the Bank's capital adequacy ratio was 22.6%, while the liquidity ratio was 81%.

We continue to monitor developments in Russia and Ukraine. While situation in Ukraine has somewhat improved there are obvious economic challenges for both countries in short-term and medium term perspective, due to economic sanctions and need for structural reforms. It remains unclear how these economic challenges will be addressed by the authorities. In our opinion it is also likely that situation in Russia and Ukraine, and sanctions environment in particular, will negatively affect economies of the neighbouring countries, including Latvia.

In this environment we expect clients to continue to be willing to increase assets held outside of Russia, while asset prices in Ukraine and Russia will continue to deteriorate. In these conditions, the Bank reduces its overall risk appetite, especially assets allocation in Eastern Europe.

Roberts Idelsons

Chairman of the Board
